

# A GUIDE TO PROFESSIONAL PRINTERS FOR SIGNAGE

[epson.com/sseries](https://epson.com/sseries)

FOR THE LATEST PRICING, REBATES AND PROMOTIONS

\* Check with an Epson Professional Imaging Authorized Reseller for actual price, as dealer prices may vary. Installation, shipping and taxes not included. Not available for resale. Pricing subject to change without prior notice.  
\*\* This product uses only genuine Epson-brand cartridges or ink packs. Other brands of ink cartridges or ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.  
1 See the Limited Warranty details for additional information and limitations.  
2 All print speeds are based on print engine speed only, in bi-directional mode. Total throughput times depend upon front-end RIP, file, size, printer resolution, ink coverage, networking, etc.  
3 Results based on Epson and Avery internal lamination testing at 6 hours after printing. Your results may vary based on environmental conditions, media type used, ink density and other factors. For warranty information, please refer directly to the media and laminate manufacturer websites.  
4 98.2% coverage of PANTONE PLUS FORMULA GUIDE solid-coated palette on adhesive vinyl media. PANTONE coverage may vary when printed under other conditions.  
5 Compared to traditional Epson ink cartridge systems.  
6 Compared to the top selling print cut models as of September 2020.

## WHY EPSON SIGNAGE PRINTERS

What makes Epson SureColor® S-Series printers your best choice for profitable signage printing?

For starters, they offer amazing print quality at industry-leading print speeds. Add to that rock-solid reliability. Top it off with easy setup, use and maintenance. And you get world-class printers that deliver customer-pleasing prints under even the tightest deadlines, with virtually no downtime. So you can focus on running and growing your business.

### SEE THEM IN ACTION: IN-PERSON OR VIRTUAL DEMOS

Bring your files to a Certified Solution Center and we'll print them on an S-Series printer. See the customer-pleasing results in an in-person or virtual demo. Details at [epson.com/sseries](https://epson.com/sseries).

**PrecisionCore® TFP® printhead** can deliver high-quality prints, faster and more reliably than virtually any other form of solvent-based printing.

**Epson SureColor S-Series** printers are backed by one of the best warranties in the business, including free technical support and next-day on-site service.<sup>1</sup>

# QUITE POSSIBLY THE BEST SOLVENT SIGNAGE PRINTERS EVER

Epson SureColor S-Series solvent printers offer exceptional productivity, outstanding image quality and iron-clad reliability.

With lightning-fast print speeds and industry-first same-day lamination capability, the SureColor S-Series printers empower you to turn around jobs fast. Plus, an automated printer maintenance system lets you focus on printing, not on the printer.

A precision media feeding and take-up system ensures virtually any roll media feeds accurately, nearly eliminating buckling and skewing.

Innovative Precision Dot Microweave technology delivers legendary Epson print quality at commercial print speeds of up to 550 sq. ft. per hour.<sup>2</sup>

Epson UltraChrome® GS3 solvent inks dry fast, so you can **laminate just six hours after printing**.<sup>3</sup>

Our environmentally kind ink technology has earned multiple certifications for indoor use, including Nordic Swan and GREENGUARD Gold.

## 64" SOLVENT SIGNAGE EDITIONS

### Our entry-level sign printer

- Outstanding quality on virtually any solvent media
- Printing speeds of up to 215 sq. ft. per hour<sup>2</sup>

# REDUCE INK COSTS WITH BULK-INK EDITIONS

These printers break new ground in sign printing by dramatically reducing ink costs. They deliver fast print speeds, best-in-class 98.2% PANTONE certification,<sup>4</sup> and same-day lamination<sup>3</sup> along with the convenience and savings of bulk ink.

Innovative bulk-ink packs offer low ink costs of just \$0.165 per milliliter, so you can print more at a lower ink cost per square foot.<sup>5</sup> Plus, in addition to delivering longer, unattended printing, they reduce plastic waste compared to traditional cartridge systems.<sup>5</sup>

The included ONYX Thrive RIP offers support for sizing, tiling, nesting and more, giving you a complete solution, right out of the box.

A first-of-its-kind fabric wiping system improves printhead life while automating maintenance to keep your printer running in top form.

Easy-to-use 1.5 liter bulk-ink packs save time and money,<sup>5</sup> reduce waste<sup>5</sup> and increase uptime because you have to replace ink less frequently.

1.5 LITER BULK-INK  
PACKS OFFER

2X THE INK  
CAPACITY  
OF PREVIOUS GENERATIONS

# 64" SOLVENT BULK-INK SIGNAGE EDITIONS

## SureColor S60600L vs. HP Latex 570

## The Epson SureColor S60600L used 30% LESS INK than the HP Latex 570.

The details: The ink efficiency is based on independent third-party testing between the HP Latex 570 and SureColor S60600L. The test prints were produced at equal print pass modes, color profiles and adhesive vinyl media. Ink usage was determined using HP and Epson proprietary ink usage calculation tools and weighing of ink units before and after printing.

# BOOST PRODUCTIVITY WITH COMPLETE PRINT-CUT SOLUTIONS

S-Series Print-Cut Editions feature a 64" roll-to-roll printer with a state-of-the-art Graphtec FC9000-140 Performance Cutter and a simple-to-use ONYX GamaPrint Pro RIP with CUT-Server Software.

The result? A value-priced all-in-one solution that can quickly tackle a variety of printing needs for increased productivity and accelerated turnaround times.

**Easy media handling:** Load, configure and set up new media with the touch of a button. And, you can save settings to switch quickly between media.

**Included ONYX GamaPrint Pro** offers the latest print engine for fast ripping, ICC profiling, automated workflows and more.

**The Epson Control Dashboard** simplifies operation by letting you run cleanings, check ink levels, update firmware and more from a single screen.

UP TO **2X**  
FASTER

With the ability to print and cut simultaneously, you can dramatically speed up your production workflow.<sup>6</sup>

# 64" SOLVENT PRINT-CUT SIGNAGE EDITIONS
