SureColor T-Series: Applications

Professional
Imaging

Architects / Engineers Construction

Drawings and renderings right at your desk, jobsite, small or large office

Graphic Design

Quickly output full size comps

Reprographics

Produce technical documents fast with a space saving printer platform

Edu / Corp Graphics

Print posters, signage, process maps, large spreadsheets all in-house

SureColor T-Series: Product Line Overview

Professional
Imaging

Entry Level CAD

- Great for desktop use
- Quick access to print D-sized plots
- Simple setup and easy to use

SOHO

Mid-Range CAD Printing

- Workgroup technical plotting
- Fast printer for D-sized plots
- Print indoor matte borderless posters

Small-Mid Office

Production CAD & Graphics

- Fast printing with low TCO
- Versatile media options
- Optimized for CAD and Graphics

Enterprise – Prod Graphics

Epson PreferredSM Plus Extended Service Plans

Professional
Imaging

1-Year Limited Warranty

- Free technical support Monday through Friday
- If required, onsite service provided – usually next business day*
- Covers the printer, genuine optional accessories, and software

Epson PreferredSM Plus Extended Service Plans

- Extended Product Protection – Beyond the limited warranty or extended service plan for up to a total of 5 years of continuous coverage
- Maximize Savings when you purchase with Your Printer – Save up to 40% on 4-year plans versus purchasing stackable 1-year plans at a later date for the equivalent duration

Extended Service Plan SKUs

* Limitations apply. See www.Epson.com/support for details.

SureColor P-Series vs SureColor T-Series

Professional
Imaging

SureColor P-Series

Primarily High Quality/ Color Critical Needs

Specialty Media (Photo paper/ Canvas /etc.)

Connectivity: Print connected to a computer

SureColor T-Series

Primarily “Lines and Signs”

Plain Paper (Poster paper, Poster Board, Vellum)

Features: Scanner, PostScript, Copy, etc

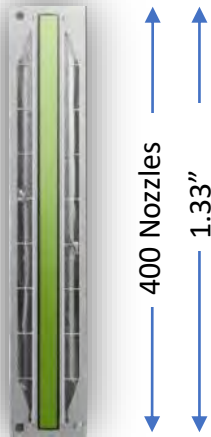

A photograph of a small office space. On the left is a tall wooden shelving unit made of crates, filled with papers and folders. In the center is a wooden desk with a computer monitor, a printer, and some office supplies. Two black office chairs are at the desk. On the right is a large white EPSON printer on wheels, printing a large architectural drawing. The background is a red brick wall with an arched window.

Small Office / Workgroup CAD and Graphics

AEC | Education | Corporate

Epson Core Technology: PrecisionCore and UltraChrome

Professional
Imaging

Extreme Print Quality and Precision

- Capable of high-resolution printing – up to 2400 dpi
- Precision ink drop control for outstanding clarity and sharpness
- Extreme accuracy - variable size droplets as small as 3.5 picoliters

Commercial Grade Reliability

- Designed to last the life of the printer - print head is not a consumable
- Nozzle Verification Technology (NVT) – automatically detects nozzle condition and adjusts if clogged
- Ink repelling coating reduces the chance of a nozzle clog

Epson UltraChrome® Ink²

- All pigment based
- Water, smudge, and fade resistant

Water, smudge and fade resistant

Compact, Innovative Design Fits Any Workflow

Professional
Imaging

Unique flat top design and complete front operation

Can be pushed all the way up against a wall*

Only 20" deep

Use top as work surface or rest your laptop

Change media, ink, settings all from the front

*Printer must be rolled outward from wall when printing on rigid posterboard media

Award Winning Design, Powerful Features

Professional
Imaging

SureColor T7770D is up to 25% smaller than competitors and previous generation printers⁴

SureColor SC-T7700 series

reddot winner 2023

Every year, the Red Dot Award: Product Design sets out to find the year's best products. The products selected by the Red Dot Jury to win an award may be aesthetically appealing, functional, smart or innovative, but what they all have in common is their outstanding design.

*Printer must be rolled outward from wall when printing on rigid posterboard media

SureColor T-Series High-Speed Platform Features

Professional
Imaging

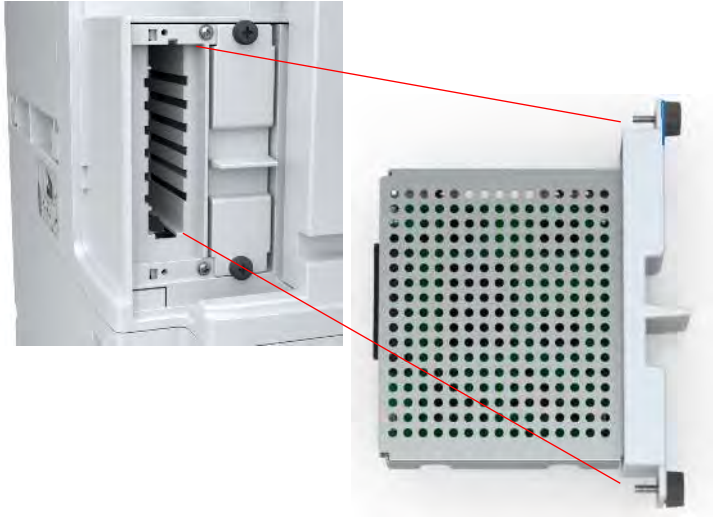

BorderFree Printing

Four-sided Borderless Printing – Top and bottom edges trimmed with Built-in Cutter

Poster Board Printing

Front-out board path for printing up to 1.5 mm thick posterboard. Load boards either front or rear

Impressive processing time and convenience for printing PDFs

Up to 3x faster processing of complicated data than previous generation

No PC required - print PDFs from phones, tablets, and USB drives

Extreme processing power with four Intel CPUs on board

Easy, one-step workflow enhances print accuracy

Product Overview

Professional
Imaging

Significant innovations based on customer feedback

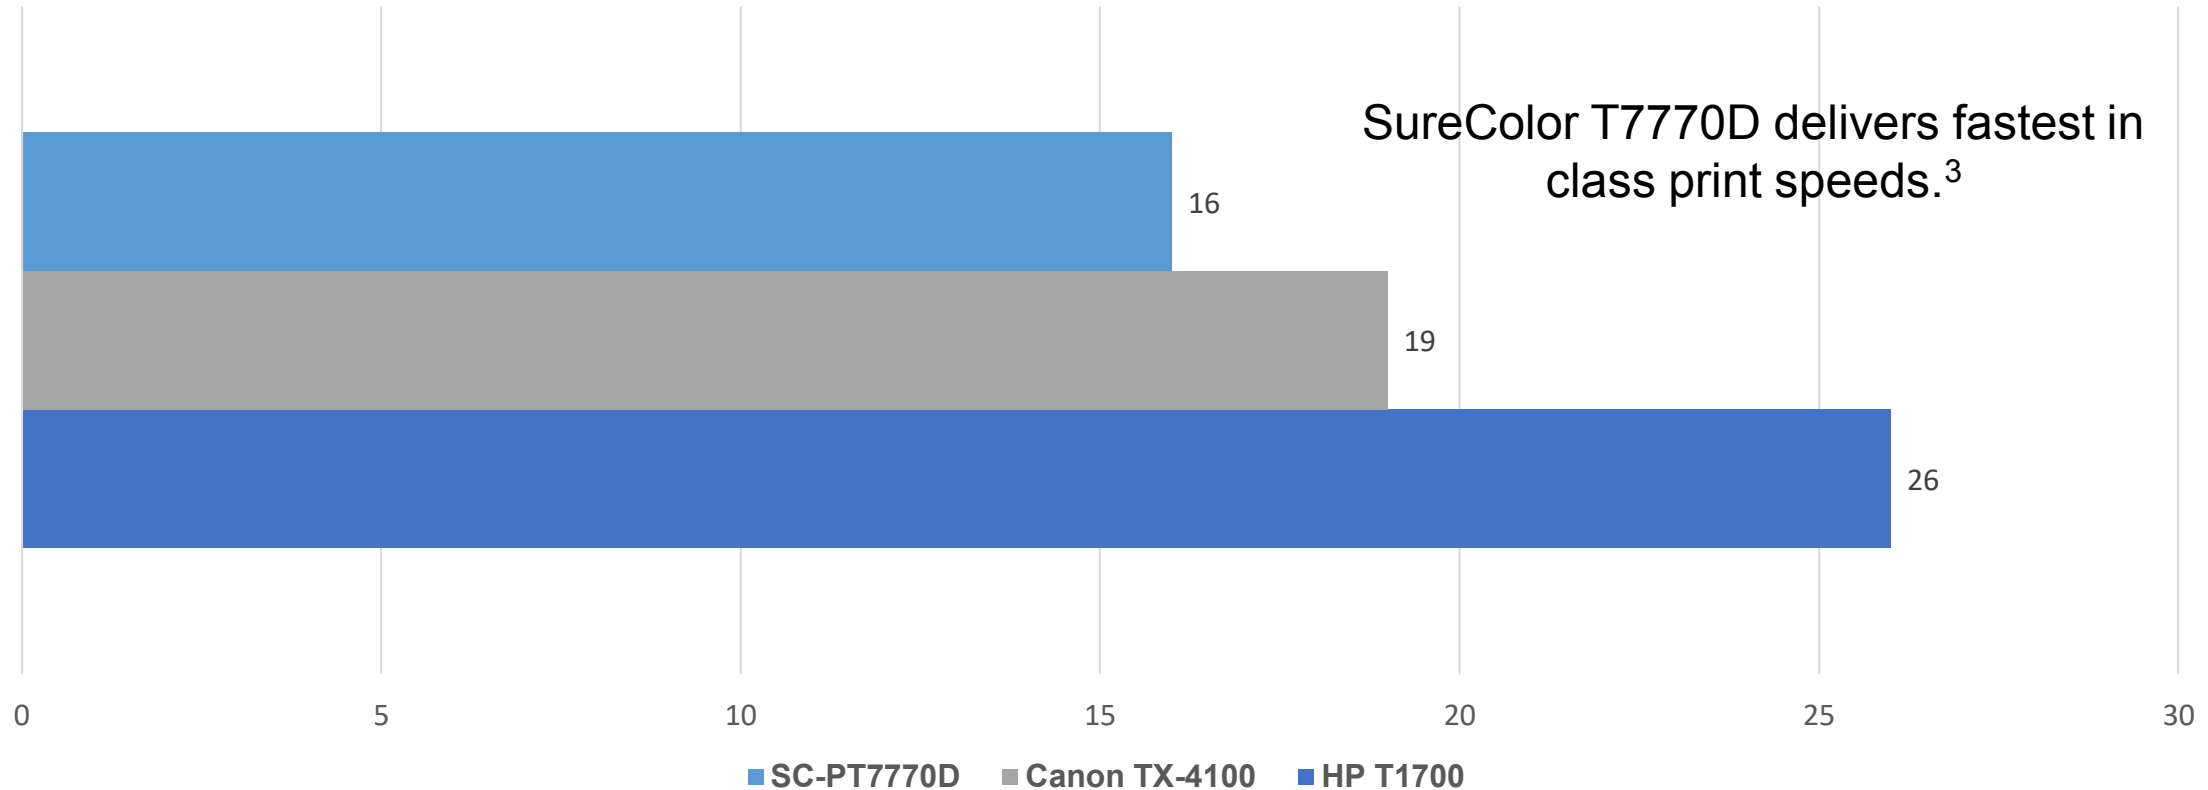

* Available on all high-speed platform models except SureColor T3770E and SureColor T3770DE

A1 / D-Size Prints in as Fast as 16 Seconds (3.7/min)

Professional
Imaging

A1 / D-Size Print Speed (Seconds)

Compared to similarly featured CAD/Technical printers, A1/D sized prints, in fastest printing mode, priced at \$10,000 MSRP (USD) or less based on manufactures' published specifications and industry available as of May 2021. Actual print times with vary. Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking.

Breakthrough Production Print Speeds

Professional
Imaging

Poster/POP Speeds up to 300 sqft / hr¹

Graphics / POP	
Size	Speed
24 x 36" Posters	Up to 32 per hour

SureColor T7770D 44"-wide printer delivers fastest in class print speeds.³

Innovative Dual Roll / Integrated Take-up Reel

Professional
Imaging

Dual Input Rolls with Automatic Switching

Automatically feeds new rolls

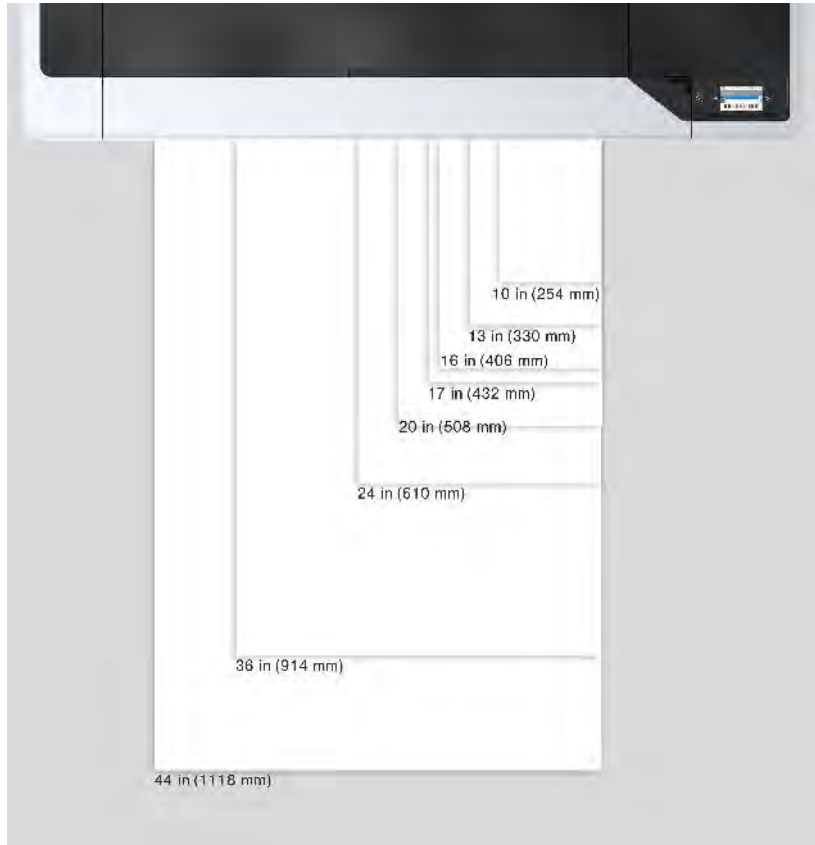

Included Take-up Reel Mode

Roll 1 can be used as a take-up
High productivity roll-to-roll printing

Advanced Media Handling Capabilities

Professional
Imaging

Roll Media

- Roll Media ID and Length Tracking
- BorderFree® Printing (10", 13", 16", 17", **New** 20", 24", 36", 44")
- 6.7" Roll Max Diameter. 10" Wide Minimum width
- 2" & 3" Cores

Retractable Print Basket

Professional
Imaging

Closes into printer when not in use

Allows printer to have a slim profile

Works with a variety of finished media

Conveniently catch wide printouts when needed / stow when not in use

Wide Variety of Connectivity Options

Professional
Imaging

Print files directly from USB*

Print from both PC and
Mobile devices (No PC Required)*

 POWERED BY
Adobe Embedded Print Engine

* PDF file support (without using a PC) available only on printers with Adobe Embedded Print Engine.

Expandable Options: 960 Self-Encrypting SSD

Professional
Imaging

Solid State Memory Drive (960 GB)

Enables a print job to immediately transfer from the computer

Frees up bandwidth on your network and computer

Allows a computer to be turned off while printing

AES-256 Encrypted and TPM Chip Protected

Over twice the capacity of previous generation - convenient storage for job reprinting

IT Security Features

Professional
Imaging

Supports many popular security requirements

Over 28 security features, including security standards, data protection, secure communication, and access control
Allows setup of multiple password protected data folders
Easy device management and tracking

Robust features to adapt printer to IT environments

Recyclable Materials

Professional
Imaging

Select models contain up to 35% Recycled Plastic*

High-Speed Platform Printers: Summary

- **PrecisionCore 2.64” print head** is designed to last the life of the printer, providing extreme precision, quality, and speed
- **A1/D-Size Prints** in as little as 16 seconds
- **6-Color Ink Set with Red** for rich branding colors
- **Compact design**, flat top work surface and no assembly required – be up and printing in as little as 30 minutes
- **Dual roll and flexible media options**
- **Adobe Embedded Print Engine*** for complex file production

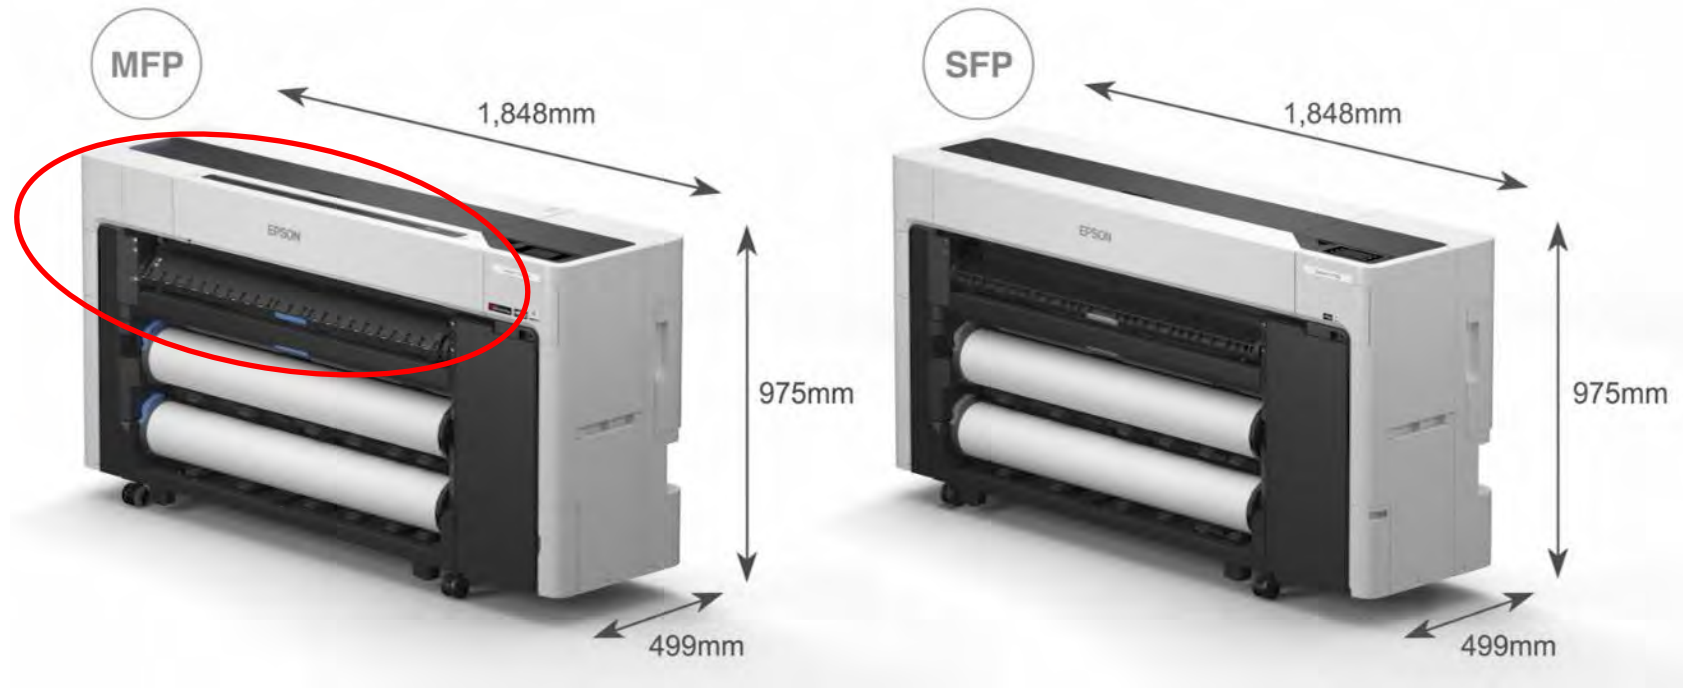

* Available on all high-speed platform models except SureColor T3770E and SureColor T3770DE

High-Speed CAD / Graphics Multifunction Printers

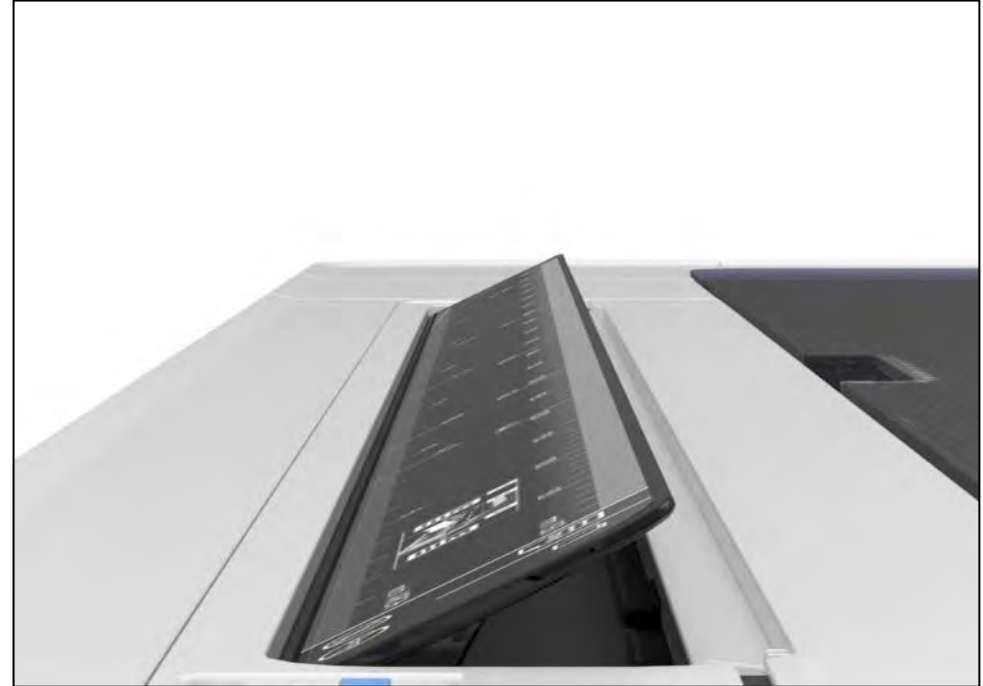

Print | Copy | Scan | Archive

Compact size with Fully Integrated 36"-Wide High-Speed Scanner

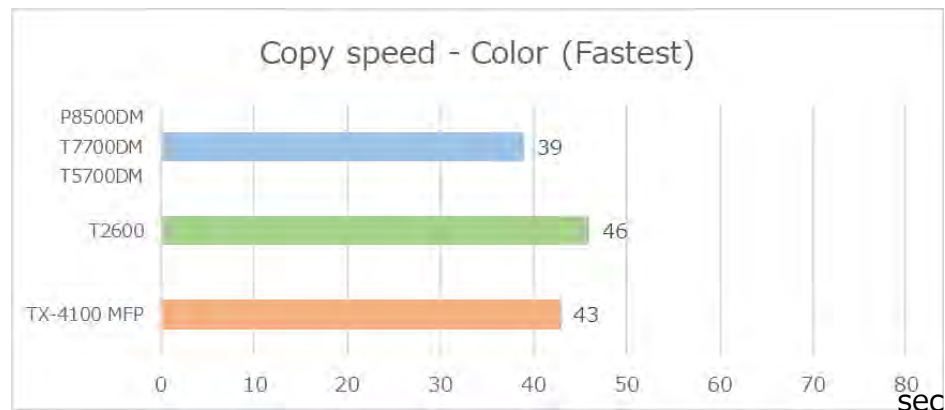

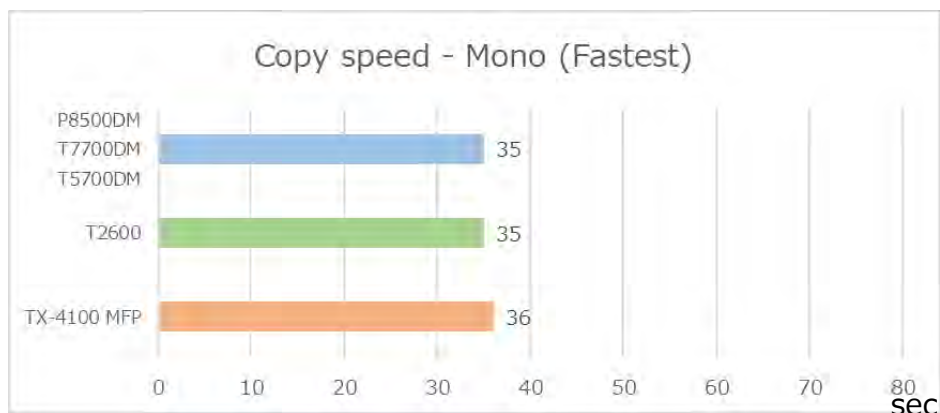

Smallest footprint in their class⁶ - multifunction versions are the same compact size as 36" and 44" single-function printers

Multifunction Scanner Key Features

Scanner lid flips up when copy/scan function is selected. Closes when finished to keep flat printer top surface.

High Productivity with Rapid Copy and Scan Speeds

- **Copy in** as little as 35 seconds (mono) and 39 seconds (color) for A1/D-Size pages
- **Scan** pages up to 10.0 ips B&W and 4.5 ips color at 36" wide
- **Fastest in-class color copy speeds:** Up to 15% faster color copies than HP T2600⁵

Multifunction Scanner Key Features

- **Dual Light Source** – reduce appearance of wrinkles in scanned documents
- **CIS Filter System** – improves reproduction of fluorescent colors (highlighter detect)
- **Predefined modes** - enhance renderings, blueprints, inverted blueprints and tracing paper

Multifunction Scanner Key Features

- Scan to JPEG, PDF, TIFF File Formats
- Scan to USB, Email, PC, Tablet, Smart Phone, Memory, or Network Folder
- Select Enlargement, Density, Quality options with the control panel
- Preview and edit scans on phone and tablets using **Epson Smart Panel** software

Multifunction Scanner Key Features

- Scan multiple pages to a single PDF file
- Create password protected PDFs
- Scan with AirPrint Scan
- Preview and edit scans with Free **Epson Scan 2** and **Epson Document Capture Pro Software**

- **Dual-Light RGB Filter** - scanner detects highlighters and helps reduce wrinkles
- **Scan with and without PC** including multi-page PDFs
- **Smallest footprint in their class⁶** - same size as 36" and 44" SFP Epson CAD printers
- **Fastest in-class color copy speeds:** Up to 15% faster color copies than HP T2600⁵

SureColor T-Series Summary

Professional
Imaging

Superior Image Quality, Accuracy and Consistency

– PrecisionCore Printhead provides superior line accuracy, color accuracy and consistency on a wide variety of media

Durable Pigment Ink

– UltraChrome XD / XD2 provides water / scratch / scuff resistant prints – important for CAD/GIS/Technical professionals

Versatile Media Handling

– Print Borderfree & direct to Rigid Posterboard – minimize labor time and costs

Low Ink Costs / High Capacity Inks

– Large ink cartridges up to 700ml/ SuperTank options

Specifications are Subject to Change Without Notice

1. Print speeds are based on the print engine speed only. Total throughput time for any print depends on workstation configuration, file size, print resolution, ink coverage, networking, etc. Actual print speeds will vary.
2. The SureColor T-Series products use only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly.
3. Compared to similarly featured CAD/Technical printers. A1/D sized prints, in fastest printing mode, priced at \$10,000 MSRP (USD) or less based on manufacturers' published specifications and industry data available as of May 2023. Actual print times will vary. Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking.
4. Compared to similarly featured CAD/Technical printers priced at \$10,000 MSRP (USD) or less based on manufacturers' published specifications and industry data available as of June 2023.
5. Compared to similarly featured CAD/Technical printers, A1/D sized prints, in fastest copying mode, priced between \$8,995 and \$12,995 MSRP (USD) based on Epson internal testing from the start of the scan through end of the copy print and cut. Total throughput time for any copy depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking.
6. Compared to similarly featured CAD/Technical printers, priced between \$8,995 and \$12,995 MSRP (USD) based on manufacturers' published specifications and industry data available as of June 2023.
