

SureLab® D570 Professional Minilab Photo Printer

SureLab D-Series

4" Wide, 6-Color

Power up productivity.

Outstanding photographic quality — high-quality prints using Epson's Advanced MicroPiezo® AMC™ printhead and AccuPhoto™ image processing and screening technology

Ultra compact design — lightweight and portable, well suited for on-site event photography and photo booths

Low power consumption — energy efficient enough to be used with a user-provided portable battery, for printing where you need it

Scale up with your business — add more printers to keep up with customer print volume demand; stackable design to fit into your individual environment

Zero cartridge waste — UltraChrome® D6r-S high-capacity 70 mL ink bottles (sold separately) deliver a wide color gamut and low operating costs; 6-color dye-based ink set for vibrant water-, smudge- and fade-resistant prints¹

Photos on demand — prints on single- and double-sided glossy and luster sheets up to 4" x 6" in as little as 14 seconds²

Versatile connectivity — easily connect to and control one or multiple printers over Wi-Fi®, Ethernet or USB

Simplified software — create professional prints using the redesigned printer driver for Windows® or Mac®, or with your Epson Smart Panel® app³

Engineered for reliability — robust print engine is backed by Epson U.S.-based support team and limited warranty

Epson® Cloud Solution PORT⁴ — monitor the live status of your entire printer fleet regardless of where they are in the world; view output production rates, printer status, errors and more
