

EPSON®

SureColor® P-Series

Production Printers Overview

EPSON

SureColor P6570DE

SureColor P-Series Production Printers

Built on the Epson® Hero Platform—the future of production printing.

Today's businesses are printing more than ever before. In high-volume production environments with ever-growing demand, a wide-format printer that quickly delivers outstanding-quality photos and graphics is critical.

Enter the SureColor P-Series, built on the Epson Hero Platform—the next level of production printing. These sleek and compact printers feature a patented design that fits where other printers don't.

SureColor P-Series printers deliver sharp, vibrant image quality at incredibly fast print speeds and a low total cost of ownership—so you're able to do more with less.

EPSON

This Design Changes Everything

Groundbreaking Patented Design

With a design that includes an incredibly slim profile and full front operation, SureColor P-Series production printers fit where others can't—including against a wall or back-to-back. Additional productivity features help you thrive in high-volume environments.

Benchmark-Setting Quality

Built on the Epson Hero Platform, these printers are powered by breakthrough printhead technology to deliver outstanding image quality and sharpness. Moreover, a 6-color aqueous-pigment ink set offers an impressive color gamut and exceptional quality that rivals comparable 8-color printers.

Do More with Less

Boost your output while using less space with fully automatic dual-roll options. In addition, help enable low running costs with the printer's optimized print engine.

Ultra Fast Speeds

SureColor P-Series production printers deliver fast throughput¹ without sacrificing photographic quality, at speeds up to three times faster than previous generations².

Powered by PrecisionCore®

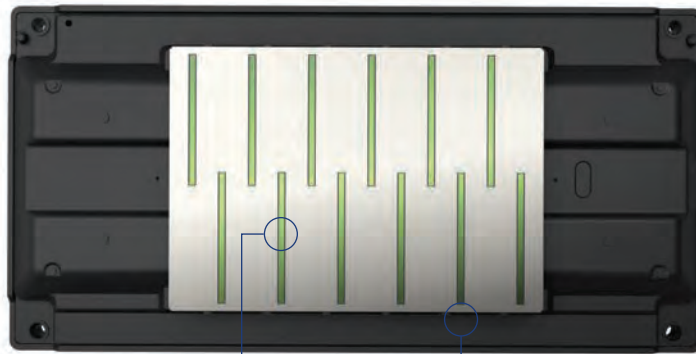

PrecisionCore is advanced printing technology engineered by Epson to power some of the world's top-performing printers. This disruptively simple, smart and clean solution delivers exceptional quality at high speeds with low waste, across a wide range of applications.

PRECISIONCORE™

Powered by PrecisionCore

A 12-channel, 2.64" PrecisionCore Micro TFP® printhead produces sharp, detailed and colorful photographic prints at remarkable speeds.

Commercial-Grade Reliability

Engineered to last the life of the printer, Nozzle Verification Technology automatically detects nozzle condition and adjusts when the printhead is clogged.

UltraChrome® PRO6 Ink Set

- Aqueous pigment ink provides an extraordinarily wide color gamut
- Prints are durable and water-, smudge- and fade-resistant
- 110 mL, 350 mL and 700 mL high-capacity ink cartridges reduce the need for frequent changes

ULTRACHROME
PRO6_{INK}

Outstanding Image Quality with 6 Colors

Delivers professional-quality output that rivals comparable 8-color printers.

Dedicated Gray Ink

Included Gray Ink delivers smooth gradients, transitions and neutral grayscale tones.

High-Capacity Ink Packs (for P8570DL)

Cost-effective and efficient for production; helps reduce waste.

The Epson Hero Platform

We've transformed the core architecture of wide-format printers to help you succeed in the dramatically changing world of production printing. Printers built on this award-winning platform possess a remarkably sleek and compact design.

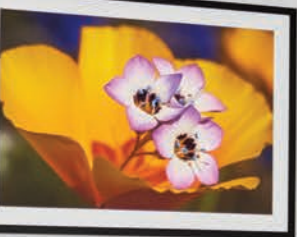

The culmination of 25 years of printing innovation in concert with continuous customer feedback, the Epson Hero Platform addresses the demanding needs of the market.

Take advantage of a wide color gamut and fast print speeds.

Save valuable workspace with full front operation and a slim, flattop design that fits where other printers can't—even when placing printers back-to-back.

Gain greater productivity with options such as dual-roll systems, integrated cutters and high-capacity inks.

The Epson Hero Platform—the future of production printing.

Key Product Features

Reduced Ink Usage

SureColor P-Series production printers use up to 20% less ink than previous generations³, which can help lower your production costs.

Adobe® Embedded Print Engine

Natively process JPG, TIFF, PDF and PostScript® files for faster and more reliable printing on the SureColor P6570D, P8570D and P8570DL.

Epson Cloud Solution PORT®⁴

Remotely manage and monitor⁴ your printer fleet from the convenience of your laptop or mobile device.

State-of-the-Art Media Handling

Seamless Dual-Roll Productivity

Automatically switch between two media types or sizes (for SureColor P6570D, P6570DE, P8570D and P8570DL only).

Take-Up Reel Mode

Use the top roll as an integrated take-up reel for roll-to-roll production (for SureColor P6570D, P6570DE, P8570D and P8570DL only).

Media Versatility

Print on a wide range of media types, including photo, fine art, canvas, and rigid posterboard up to 1.5 mm thick.

BorderFree® Printing

For media widths ranging from 10" to 44"—print edge-to-edge, automatic top and bottom trimming, for a true borderless print.

Unique Flattop Design

Use as a workspace during production runs.

Simple 4.3" LCD Touchscreen

Configurable front control panel for easy operation and automated routine maintenance.

UltraChrome PRO6 Ink

Six-color pigment-based ink set delivers a wide color gamut and exceptional quality rivaling comparable 8-color printers.

Groundbreaking Design

Incredibly slim profile with full front operation.

SureColor P6570 Series

MODEL	SureColor P6570E*	SureColor P6570DE*	SureColor P6570D*
Product SKU	SCP6570ESR	SCP6570EDR	SCP6570DR
Maximum Width	24"		
Number of Rolls/ Media Handling	Single-roll/ Auto loading	Dual-roll/ Auto switching and loading	Dual-roll/ Auto switching and loading
Rigid Posterboard Support	Yes (up to 1.5 mm thick)		
Printhead Technology	2.64" PrecisionCore Micro TFP		
Ink Type	UltraChrome PRO6 aqueous pigment ink		
Ink Colors	6-color (C, M, Y, PK, MK, GY)		
Ink System	Cartridges		
Ink Fill Volume	110 mL, 350 mL or 700 mL		
Maximum Resolution	2400 x 1200 dpi		
Adobe Embedded Print Engine	Not included	Not included	Included
Optional Memory Storage	960GB SSD		
Connectivity	USB 3.0, Gigabit Ethernet, Wireless-N, Wi-Fi Direct ^{®5}		
Limited Warranty	1-year limited warranty in the U.S. and Canada		
Epson Preferred [™] Plus Extended Service Plans ^{®6}	Up to a total of 5 years of continuous coverage. To learn more about available extended service plans, contact your Epson authorized reseller, call 800-925-9587 or visit www.epson.com/esp today.

* SureColor P-Series printers are designed for use exclusively with genuine Epson-brand ink cartridges or ink packs (ink delivery varies by model). Other brands of ink and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

† BorderFree feature availability varies by media type and width.

1 Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking. Actual print speeds will vary. | 2 Print speed values (P6570D vs. P8000) calculated based on B0+ Media; print data: bike image, photo paper. Time: from first pass to end of last pass (not including cutting). | 3 Ink consumption when printing photographs (P6570 Series / P6570D vs. P6000 and P8570 Series / P8570D vs. P8000) as determined by Epson proprietary ink usage calculation tools. Actual ink consumption will vary based on factors such as image printed, print settings, paper type, frequency of use, humidity and temperature. | 4 All features of this system require an active Internet connection and the use of a supported browser. | 5 Wi-Fi CERTIFIED™; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | 6 Product comes with a 1-year limited warranty with the option to purchase extended service plans up to a total of 5 years of continuous coverage. See individual service plan for details.
