INK COMPATIBILITY

SOL LAT UVG

1Waze 70/30 is a white/black perforated window film designed for one-way vision printing, ideal for both window and retail graphics. 3231 is ideal for interior second surface mounting to windows, glass, and lexan. It is a non-adhesive polyester film and is to be installed with 1" two-sided mounting tape to the full length of the top and bottom edges of the printed side of the graphic. The 70/30 hole pattern offers enhanced visibility for printed graphics while maintaining a clear view from the inside.
