SureColor® G9070

64" DTFilm Printer

DTFilm printer built for 24/7 productivity.

PRECISIONCORE®

ULTRACHROME DF INK

OEKO TEX® ECO PASSPORT NEP 1603 Nissenken www.oeko-tex.com

Epson Cloud Solution PORT®

Maximum throughput, zero trade-offs — high-speed printing delivers up to 350 ft²/hr[1] for fast job completion without sacrificing quality

Twin-roll print flexibility — print two rolls simultaneously; handles media up to a total of 64" wide

Made for nonstop production — automated cleaning reduces downtime and supports long production runs

Consistent color accuracy — Nozzle Verification Technology delivers consistent, repeatable color output vital for brand standards

A printhead like no other — user-replaceable printhead with real-time nozzle compensation delivers optimal print quality

Production-grade workflow software — Fiery® Digital Factory accelerates layout prep with auto nesting, gang sheet tools and rasterization

Simplified ink management — bulk ink system with sealed packs supports high-volume output and reduces mess and handling errors

Remote production oversight — Epson Cloud Solution PORT[2] enables job tracking, cost accounting and alerts to keep teams informed

Safety-certified inks — UltraChrome® DF Inks are OEKO-TEX® ECO PASSPORT certified[3], CPSIA-compliant and non-toxic

Responsive service and support — on-site repair options and service help minimize disruption and protect production schedules

Designed for use exclusively with Epson ink packs.*

Print

Printing Technology PrecisionCore® Micro TFP® printhead with Nozzle Verification Technology
Ink Type UltraChrome DF
Ink Configuration C, M, Y, K, Wh
Droplet Technology Variable-Sized Droplet Technology
Maximum Resolution 1,200 x 1,200 dpi

Ink

Ink Pack Fill Volume[4] C, M, Y, K, Wh: 1.6 L packs per color
This printer is designed for use with genuine Epson packs only, not third-party packs or ink*.

Roll-Media Handling

Single Roll-to-Roll Up to 64" wide
Roll Media Core 2" or 3" diameter
Maximum Roll Diameter Up to 9.84"
Maximum Roll Weight Up to 99 lb
Media Thickness Up to 0.5 mm thick
Roll Winding Printable side out
Integrated Cutter No

Printable Area

Maximum Media Width 64"
Minimum Media Width 11.8"
Left/Right Margins 0.12" (0.23" total)
Maximum Printable Width Up to 64"

Printer Interfaces

High-Speed USB 2.0 (1 port)
1000Base-T Ethernet (1 port)

Operating Systems Supported

Windows® 11
Minimum PC Specifications: 3 GHz or higher quad-core CPU, 8GB RAM, 50GB SSD and high-speed Internet connection

* This product uses only genuine Epson-brand ink packs. Other brands of ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

1 Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking. Actual print speeds will vary. | **2** All features of this system require an active Internet connection and the use of a supported browser. | **3** When applied to fabric and appropriately fixed, UltraChrome DF Ink has passed the standards set by OEKO-TEX ECO PASSPORT. For further details on these standards, please visit oeko-tex.com/ecopass | **4** Part of the ink from the first cartridges/packs is used for initializing the printer. Ink usage will vary considerably based on images printed, print settings, paper type, frequency of use, temperature and humidity. Variance may be more pronounced when printing infrequently or predominantly with one ink color. Ink is used for printing and printer maintenance, and all colors must be available for printing. For print quality, a variable amount of ink remains after the "replace ink" indicator comes on. | **5** SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency. | **6** Geographic limitations may apply. Service request must be received and processed by 1 p.m. Pacific Time, Monday through Friday, excluding holidays. See limited warranty or service plan for details. | **7** Product comes with a 1-year limited warranty with the option to purchase extended service plans up to a total of 5 years of continuous coverage. | **8** Customer must sign up for an Epson Cloud Solution PORT account to utilize this plan. All features of this system require an active Internet connection and the use of a supported browser. See extended service plan for details.
